

PRINCE2™ Combined Foundation & Practitioners

5 Days

PFE

OVERVIEW

Every element of this course has been designed with care to cover the subject matter thoroughly - with practical advice about how to use PRINCE2 in practice. A highly regarded course for those who are wanting to develop a sound, professional grounding in the methodology.

Delegates will sit both the PRINCE2 Foundation examination and the PRINCE2 Practitioner examination. Presented by PRINCE2 approved trainers with practical experience of applying the method in the real world, the course is fully compliant with the latest version of PRINCE2.

DESIGNED FOR

The course is intended for all aspiring PRINCE2 practitioners who require a solid grounding in the PRINCE2 methodology, techniques, processes and components. This course prepares delegates for both the Foundation and Practitioner exams.

LEARNING OUTCOMES

By the end of this course participants will be able to:

- Use a proven project management methodology that can plan, organise and control the successful implementation of projects.
- Understand how the PRINCE2 methodology can be flexible and adaptable for any type and size of project.
- Complete the Foundation and Practitioner examinations.
- Bring their team and organisation in line with an internationally recognised methodology.

The course is fully accredited by the APM Group Ltd and the OGC.

TOPICS COVERED

- Introduction to the PRINCE2 methodology
- The PRINCE2 process model
- The PRINCE2 organisation structure
- Directing a project
- PRINCE2 controls
- Configuration management and change controls
- The management of change
- Quality management
- Quality review techniques
